

The University
of Sydney

Animal and Veterinary Bioscience

Flexible Entry Application

Flexible entry applications for 2010 admissions must be **received in the Faculty by January 8th, 2010.**

UAC number:	
Family Name:	
First names:	
Address:	
Telephone:	
Mobile:	
Email:	

I am applying for flexible entry based on the following criteria (you may apply under more than one criterion, but are not expected to apply under all criteria):

Criteria	✓
1. Aptitude for studies in animal and veterinary bioscience:	
(a) Based on performance in relevant HSC subjects; OR	
(b) Performance in relevant units in previous degree Degree: _____ Institution: _____	
2. Relevant work experience	
3. Interest in rural animal industries	

Please complete the sections of this form that relate to the criteria you have ticked. You must provide further details for each criterion and attach the required documentation, or your application will not be processed.

NB students seeking special consideration for entry due to disadvantage suffered during the course of their studies should apply to the University Special Admissions office for entry via the Broadway Scheme or Special Consideration for Entry Scheme.

1. Aptitude for studies in Animal and Veterinary Bioscience

(a) Based on performance in relevant HSC subjects

Specifically, you should demonstrate high achievement in HSC subjects relevant to the course and show that you did not achieve the UAI requirement because of inadequate performance in less relevant subjects (attach supporting documentation).

Consideration will be given for high performance in relevant HSC subjects such as Chemistry, mathematics (2-unit or extension 1 preferred), biology, agriculture, physics, other science-based subjects.

Subject	Mark

OR (b) Performance in relevant units in previous degree:

Specifically, you should demonstrate high achievement in university units relevant to the course and show that you did not achieve the course entry requirement because of inadequate performance in less relevant units (attach supporting documentation: university transcript).

Consideration will be given for high performance in relevant science based units such as animal science, chemistry, biochemistry, biology, cell and/or molecular biology, genetics, mathematics (esp. statistics or experimental design), agricultural science, environmental science, medical science, etc.

Degree: _____

Institution: _____

Number of Years completed: _____

Unit of study	Mark and grade

2. Relevant work experience

List below the details of any relevant work experience that you have undertaken in animal or animal-related industries. You should include the name, address and phone number for each enterprise, a contact name, the type of experience and the number of days you attended. You may include here experience gained on your family property (if applicable).

Name, address and brief description of enterprise	Type of experience	Name and contact details for person with whom you had most contact	Number of days attended

3. Statement of interest in rural animal industries

Bearing in mind your interest in rural animal industries, why do you wish to study the Bachelor of Animal and Veterinary Bioscience? What are your interests in the animal industries, where do you hope to end up? Please include any work experience that demonstrates your interest in the rural animal industries under section 2, work experience.

4. Statement of commitment to the BAnVetBioSc (all applicants to complete this section)

In view of the previous assessment criteria, please use the space below to add any details that you believe are appropriate to your application.

I certify that all of the above details are complete and correct.

Signature: _____

Date: _____

Applicant checklist

Have you attached certified copies of:

- HSC results notices for your subjects
- Transcript from previous tertiary study
- References or other documents for your work experience
- Any other relevant documents

Please **do not send original documents** as we are unable to return your application to you. It is the responsibility of the applicant to ensure that all supporting documentation is attached. Applications submitted without supporting documentation will not be processed.

Please note we do not accept emails or facsimiles.

Return completed form and documentation to:
